Join us in Olympia
for our 2024

Advocacy Day!

THURSDAY
01
FEBRUARY

What is Advocacy Day?

Advocacy Day is an exciting chance for advocates of all levels of experience to come together in Olympia and meet with their elected officials in-person to discuss challenges and opportunities to make a difference in improving the early learning system. You will be supported by fellow congressional district members, early learning providers, and BrightSpark staff to support your meeting with your elected officials. Talking points and additional resources and training are provided! If you need additional access support, such as translation services or transportation, just reach out to mclaughlin@brightspark.org!

-  Meet with your elected officials
-  Advocate for families and child care educators
-  Hear real stories from fellow community members
